MEMORANDUM FOR: Chief, Logistics Services Division

FROM:

[REDACTED]
Executive Officer/DDA

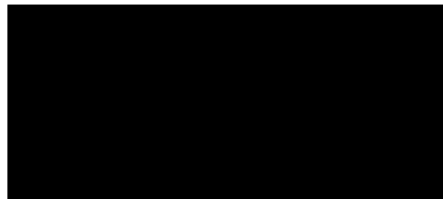

SUBJECT: Proposed Courier Receipt System

REFERENCE: OL 7 10,099 dated 9 May 1977, same subject

1. On balance I think the proposed courier receipt system is worth trying. While I have had some questions, I think these problems can be sorted out.

2. I would think the fact that you have asked for a response from the registry's working group should provide a more substantive input but insofar as I am concerned, it appears an attempt to improve the receipt system is worth trying.
